Cresapeake & Ohio Gets \$3-
\$5,000,000 to Pay for Equip-
ment Already Ordered.

NEW YORK, March 12.—Today's session of the stock exchange was in many respects a continuation of the torpid market of the first two months of the year. The market again fell to the point where it failed to possess the slightest significance for purpose. The professional element appeared indisposed to follow last week's rise, and the bears were more decidedly preponderant. Later prices were under the influence of standard shares and copper, but not really under the influence of the specialties, almost negligible.

The only street manifested only languid interest in the coal strike. Another reason for the indifference of the department of the investigation of the "Smelter Trust" handling the American Smelting and Refining company by name, failed to stir the stock of the latter corporation, which was unaccountably strong.

Closing Stock List.
